

SCOTT R. FOX

SENIOR DIRECTOR, FACILITIES MANAGEMENT

Scott_Fox@QuorumHealth.com | 615.221.3760

Scott Fox is the Senior Director of Facilities Management at Quorum Health, an investor owned Healthcare Company with 36 properties covering 16 states. Scott attended the University of Kentucky where he studied Computer Science and Mathematics. He holds certifications in Facilities Management (CHFM), Safety (CHSP) and Emergency Management (CHEP). Scott has over 23 years of Healthcare Facilities Management experience in the areas of project management, engineering and regulatory compliance.

Scott entered the healthcare field in 1993 where he began work at the Mayo Clinic as a project engineer for Cable Healthcare, an Austin-based technology company specializing in the development and delivery of patient & staff education content. Following 10 years of project management, Scott joined Piedmont Healthcare in Atlanta Georgia where he managed day-to-day Facilities Operations of the main campus including a 550-bed acute care hospital and ancillary spaces totaling 1.5m square feet.

In 2007, Scott joined Community Health Systems as the Director of Facilities Management Compliance, a position he held for 9 years before transitioning to Quorum Health. Scott currently provides Facilities Management leadership and direction to all Quorum Health affiliates. Scott oversees the regulatory compliance and infrastructure programs as well as day-to-day Facilities Management operations. Areas of expertise include Facilities Engineering, Project Management, Environmental Remediation, Code Compliance and Survey Management.
